

# Approved Qualifications for Educators working with over Preschool Age Children (OSHC) in Western Australia

The qualifications on this list have been published in accordance with regulation 137(2)(c) of the Education and Care Services National Regulations. There is no national list of prescribed qualifications for educators working with children over preschool age. Each state and territory determines the qualification requirements for 'over preschool age' educators in their jurisdictions.

As Western Australia does not have a requirement for OSHC educators to hold different levels of qualifications, these qualifications meet the same requirement as any other qualifications applicable only in WA (e.g. degree). However, these qualifications may be considered a 'diploma level' qualification if working in other states and territories.
